On 17 September 2000 the following two projects were awarded a grant:

CHF 275'000

to **Dr Maria A. Blasco**, Department of Immunology and Oncology, Centre of Biotechnology in Madrid, for

**"The role of telomeres and telomerase in cancer"**

and

CHF 225'000

to **Dr David E. Goldgar**, Head of the Genetic Epidemiology Unit, International Agency for Research on Cancer in Lyon, for

**"The localization and identification of novel breast cancer susceptibility loci in high-risk families".**

If you would like to know more about the projects, the research teams, or the jury (mentioned in our last annual report) that carried out the scientific assessment of the projects, please do not hesitate to contact us at:
